About Us

About ACCF

ACCF is a pioneer institute specializing in capacity building of professionals for promoting highest standards of professional competence and practice. ACCF plays a pivotal role in developing management professionals. The emphasis is given not only on making the students academically brilliant, but true leaders and team players, by empowering them with additional skills to integrate well into the corporate world.

About FDP

The recent changes in business scenario has led to the emergence of many new areas of Accounting like Forensic Accounting for detecting frauds and irregularities, Green, Social and Sustainability Accounting as businesses are now accountable to all stakeholders, Ethics in Accounting to ensure responsibility and integrity of the accounting profession, sustainability reporting on the basis of Triple Bottom Line etc.

This FDP aims to equip faculty, research scholars and industry professional with subject-specific knowledge in these contemporary areas of Accounting. FDP will be delivered by experts from professional bodies in accounting to acquaint faculty with the latest developments in the said fields.

FDP Objectives:

- To address the continually transforming learning needs of contemporary issues in accounting education like Forensic Accounting, Green, Social and Sustainability Accounting, Integrated or Sustainability Reporting, Latest Accounting Trends etc.
- It will provide exhaustive learning in such areas to make teaching, learning and practice more effective.
