Main map of EPIP conference locations:

Public transport

The [Brussels Transport Authority](#) (STIB/MIVB) is the main public transport operator in Brussels. Its trams, buses and underground trains form a single network and you can easily transfer from one mode to another using the same ticket.

Bus

Buses 27 and 38 run from the city centre to Place Luxembourg
 Buses 12 and 21 run from Brussels International Airport to Place Luxembourg

Underground

Lines 1 and 5 to Maelbeek and Schuman (10-minute walk to Parliament)
 Lines 2 and 6 to Trône (7 minute-walk to Parliament).

Using the European Parliament Building

- To enter the parliament building you will need to pass security. On arrival please go to the desks on the left side inside the main entrance (see map below). Do **not** go to the Accreditation Centre.
- EPIP is supported by 5 assistants. They are in charge of the computing equipment.
- During the conference we are the guests of the European Parliament and its Committee on Legal Affairs. The European Parliament will be in session while the EPIP conference is taking place: we are expected to stay in those areas reserved for the conference (see map below) and to move between the reserved areas in the company of the EPIP assistants.
- Since parliament is in session it is likely that MEPs and their staff will take part in sessions of the EPIP conference. This provides opportunities for direct interaction not normally given at an academic conference.
- Movement between the wings of the parliament building is only possible on the third floor. Four of six rooms for the conference are on the first floor and they are in three different wings of the building. There are escalators *up* from the first floor to the third floor and flights of stairs *down* from the third floor to the first floor. There are also numerous elevators.
- There are not many power outlets in the meeting rooms we will be using!
