THE NAVY IS OFFERING TWENTY-FIVE MEDICAL CADETSHIPS THIS YEAR. ONE COULD BE YOURS.

To be in the running, you must have your 2nd M.B. behind you

After that, we'll want to be sure you are suited to be a medical officer in the Royal

For it's a unique way of

Serving with the Navy at sea, you'd have absolute responsibility for the health of all on board—and possibly in other ships as well. Alternatively, in Naval hospitals at home and abroad, you'd be caring for Service men and women—and their families.

Wherever you are, you'd be part of a team. Finding new interests—meeting new problems—seeing new faces. For as well as being a doctor you'd be a naval officer—with the travel, the satisfaction and the full rewarding life that every naval officer enjoys.

Of course all this happens after your registration. In the first place, to qualify for a medical cadetship, you must pass your second M.B., or equivalent. After that you must be selected, following a Board interview.

Then while still at medical school, you are just like any other student. Except that we

pay your fees and give you a guaranteed salary of £1,898 a year in the rank of Surgeon Sub-Lieutenant.

When you qualify you can spend your pre-registration year either at your hospital or one of ours.

After which we promote you to Surgeon Lieutenant, your pay goes up to £3,942 a year and you begin your short-career commission with us for five years. When you leave us you'll take a lot of useful experience with you—together with a tax-free gratuity of at least £1,400.

As well as 2nd M.B. students, the Navy also enters qualified doctors for a 5-year short-career commission. (Applications should be made during or after pre-registration year.)

Write now to Surgeon-Cdr. L. C. Banks, M.B., B.Ch., R.N. (26 AZ), Dept. of the Medical Director-General (Navy), Empress State Bldg., London, S.W.6, and tell him your age and qualifications. In return he'll tell you more about the advantages of applying for a medical cadetship or commission with the Royal Navy.
