year			

Extra comments:

SK – some people wanted financial incentives to have a discount on second semester fees.

JB - yes that went to the head of the school in SLLF and the answer came back as no. We are providing a high quality course and the opportunity to retake the PMP next year.

SK - Can JB send a reminder email to tell STS that the offer to retake the PMP today? YES

Extra questions from JB.

JB – do you feel you had enough training for online work?

SK – we were all in the learning phase. Yes, everyone gets on pretty well now.

CL – students need to have etiquette explained to them about how to work online. Some students are a little distracted.

JB – How many students will be here for pre masters in September and January especially from China? If you wanted to do a premasters this year, would you want online or f2f?

BZ - hard to answer probably f2f in January. BZ Would like to stay at QM for the Masters, and agrees with CL and SK that they would consider the Masters online in September if cheaper, but otherwise prefer F2F in January.

CL preferably f2f as it's great to have the London experience and feel part of QM.

SK – also prefer f2f Would like to stay at QM for the Masters, if there is a discount then online would be interesting (International Business).

JB - You should apply for Master's as soon as possible as there are popular courses which fill up very quickly.

BZ – There are some complaints about the grades for Business in semester one. Almost 80% of the students didn't get grades over 60%, but JB points out they only need to pass the first semester.

JB – noted that there are concerns and this will be discussed with the business tutor.

Attendance:

Jenny Brown – JB M. King – MK Shayan Khan – SK Boxin Zhao – BZ Chengze Li – CL

Non-attendance: Leigh Rooney – LR ON annual leave

Next meeting: 03.06.2020 (week six)
