Part 1: Preliminary items

Minutes of the previous meeting

To be distributed alongside these minutes

Part 2: Programme delivery and other matters

Learning, teaching and assessment

Speaking non-English on clinic

- MK explained that it is an ongoing issue that students speak a non-English language on clinic when other parties are present.
- PA and LN drew attention to the need to respect individuals' rights to speak in a language of their choice. PA and LN to check QMUL and NHS policies respectively
- Programme leads to be asked to request students not to speak in non-English languages when others are present to avoid them being excluded.

General point about SSLC items

- PA asked that programme level issues be addressed directly to the programme lead in the first instance and if not resolved be brought to the SSLC.
- DH asked that names be assigned to each point in the agenda to ensure that we know who to address

Clarity in the resources available for learning on QMPLUS

- BA explained that there is a shared teaching area in QMplus for teaching with mixed modules.

Guide students on how to use QMPLUS.

- BA asked that any students struggling with this can come to him for advice or training.

Frequent changes in the timetable

- No programme rep available to give detail of this

More catch-up sessions for students of MSc Dental Science for Clinical Practice

- The student rep for DSCP was not present and therefore could not explain this concern.
- EHP to speak to her students for clarity on this.

Remote Access

- AT stated that remote access has been refused by certain Trust staff members.
- DH asked if this needs to be addressed at the level of Paul Couthard and Joe McQuillan.
- AS – good idea to request for Trust computers to be put into study room 2.
- NG advised that all students should get a virtual CRS card as it is less problematic.
- PA suggested inviting either Jo McQuillen or Kevin Taylor to future SSLC meetings to help address issues such as this

Bullying and Harassment

- PA informed that there has been an increase in signposting via QMUL platforms to educate students on where to go in the event of bullying and harassment.

PTES Survey

- PA alerted students on the importance of this survey. The survey was explained, and students urged to complete it.

- In the IoD, 32% completion rate in 2020. Hopes to increase this percentage this year.

Events

Nothing to report

Date of next Meeting

To be confirmed in 2022.
