Visa

Many countries have a visa exemption agreement with Korea, that allows up to a 90-day visa-free stay in Korea.

To check your country's visa exemption status, visit the Korea's Ministry of Foreign Affairs website: <https://www.mofa.go.kr/>. Students from countries with a visa exemption agreement that is shorter than our program period, you need a D-2 visa (a short-term student visa) to attend our program. Since additional or different documents might be required and the application submission method might differ depending upon which Korean Embassy you will go to, please check with the Korean Embassy where you are planning to apply for your visa. The SNU International Summer Program will assist in providing additional documentation needed. Please email us at summer@snu.ac.kr.

Visa issuance can take up to a month, so it is highly recommended that students who need a visa complete their registration at SNU as early as possible.
