# BRICKFIELD

Accessibility Toolkit
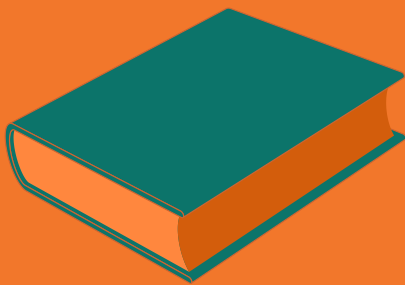

Convert your files...

Text Formats

Change the format of PDFs, Word documents, and other text-based resources into alternate formats.

MP3 Audio Files

Convert your text-based resources into an audio file - at a playback speed suitable for you.

E-Books

Convert documents into EPUB, EPUB3 or Mobi Pocket for re-flowable formats.

Structured Audio Books

Digest your course content via an audio book in the DAISY format. Text is highlighted as the user reads.

Braille

Transcribe documents into Braille according to a number of national Braille systems and contraction levels.

Look out for the Brickfield File Conversion icon in your QMplus course areas.
